Emphasizing the paramount importance of strict compliance with existing arms limitation and disarmament agreements relevant to outer space, including bilateral agreements, and with the existing legal regime concerning the use of outer space,

Considering that wide participation in the legal regime applicable to outer space could contribute to enhancing its effectiveness,

Noting that the Ad Hoc Committee on the Prevention of an Arms Race in Outer Space, taking into account its previous efforts since its establishment in 1985 and seeking to enhance its functioning in qualitative terms, continued the examination and identification of various issues, existing agreements and existing proposals, as well as future initiatives relevant to the prevention of an arms race in outer space,[3] and that this contributed to a better understanding of a number of problems and to a clearer perception of the various positions,

Noting also that there were no objections in principle in the Conference on Disarmament to the re-establishment of the Ad Hoc Committee, subject to re-examination of the mandate contained in the decision of the Conference on Disarmament of 13 February 1992,[4]

Emphasizing the mutually complementary nature of bilateral and multilateral efforts for the prevention of an arms race in outer space, and hoping that concrete results will emerge from those efforts as soon as possible,

Convinced that further measures should be examined in the search for effective and verifiable bilateral and multilateral agreements in order to prevent an arms race in outer space, including the weaponization of outer space,

Stressing that the growing use of outer space increases the need for greater transparency and better information on the part of the international community,

Recalling, in this context, its previous resolutions, in particular resolutions 45/55 B of 4 December 1990, 47/51 of 9 December 1992 and 48/74 A of 16 December 1993, in which, inter alia, it reaffirmed the importance of confidence-building measures as a means conducive to ensuring the attainment of the objective of the prevention of an arms race in outer space,

Conscious of the benefits of confidence- and security-building measures in the military field,

Recognizing that negotiations for the conclusion of an international agreement or agreements to prevent an arms race in outer space remain a priority task of the Conference on Disarmament and that the concrete proposals on confidence-building measures could form an integral part of such agreements,

Noting with satisfaction the constructive, structured and focused debate on the prevention of an arms race in outer space at the Conference on Disarmament in 2009,

Taking note of the introduction by China and the Russian Federation at the Conference on Disarmament of the draft treaty on the prevention of the placement

Taking note also of the decision of the Conference on Disarmament to establish for its 2009 session a working group to discuss, substantially, without limitation, all issues related to the prevention of an arms race in outer space,

1. *Reaffirms* the importance and urgency of preventing an arms race in outer space and the readiness of all States to contribute to that common objective, in conformity with the provisions of the Treaty on Principles Governing the Activities of States in the Exploration and Use of Outer Space, including the Moon and Other Celestial Bodies;[1]

2. *Reaffirms its recognition*, as stated in the report of the Ad Hoc Committee on the Prevention of an Arms Race in Outer Space, that the legal regime applicable to outer space does not in and of itself guarantee the prevention of an arms race in outer space, that the regime plays a significant role in the prevention of an arms race in that environment, that there is a need to consolidate and reinforce that regime and enhance its effectiveness and that it is important to comply strictly with existing agreements, both bilateral and multilateral;

3. *Emphasizes* the necessity of further measures with appropriate and effective provisions for verification to prevent an arms race in outer space;

4. *Calls upon* all States, in particular those with major space capabilities, to contribute actively to the objective of the peaceful use of outer space and of the prevention of an arms race in outer space and to refrain from actions contrary to that objective and to the relevant existing treaties in the interest of maintaining international peace and security and promoting international cooperation;

5. *Reiterates* that the Conference on Disarmament, as the sole multilateral disarmament negotiating forum, has the primary role in the negotiation of a multilateral agreement or agreements, as appropriate, on the prevention of an arms race in outer space in all its aspects;

The risk of nuclear proliferation in the Middle East

The General Assembly,

Bearing in mind its relevant resolutions,

Taking note of the relevant resolutions adopted by the General Conference of the International Atomic Energy Agency, the latest of which is resolution GC(54)/RES/13, adopted on 24 September 2010,[1]

Cognizant that the proliferation of nuclear weapons in the region of the Middle East would pose a serious threat to international peace and security,

Mindful of the immediate need for placing all nuclear facilities in the region of the Middle East under full-scope safeguards of the Agency,

Recalling the decision on principles and objectives for nuclear non-proliferation and disarmament adopted by the 1995 Review and Extension Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons on 11 May 1995,[2] in which the Conference urged universal adherence to the Treaty[3] as an urgent priority and called upon all States not yet parties to the Treaty to accede to it at the earliest date, particularly those States that operate unsafeguarded nuclear facilities,

Recognizing with satisfaction that, in the Final Document of the 2000 Review Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons, the Conference undertook to make determined efforts towards the achievement of the goal of universality of the Treaty, called upon those remaining

States not parties to the Treaty to accede to it, thereby accepting an international legally binding commitment not to acquire nuclear weapons or nuclear explosive devices and to accept Agency safeguards on all their nuclear activities, and underlined the necessity of universal adherence to the Treaty and of strict compliance by all parties with their obligations under the Treaty,[4]

Recalling the resolution on the Middle East adopted by the 1995 Review and Extension Conference on 11 May 1995,[5] in which the Conference noted with concern the continued existence in the Middle East of unsafeguarded nuclear facilities, reaffirmed the importance of the early realization of universal adherence to the Treaty and called upon all States in the Middle East that had not yet done so, without exception, to accede to the Treaty as soon as possible and to place all their nuclear facilities under full-scope Agency safeguards,

Noting with satisfaction that, in the Final Document of the 2010 Review Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons, the Conference emphasized the importance of a process leading to full implementation of the 1995 resolution on the Middle East, and decided, inter alia, that the Secretary-General of the United Nations and the co-sponsors of the 1995 resolution, in consultation with the States of the region, would convene a conference in 2012, to be attended by all States of the Middle East, on the establishment of a Middle East zone free of nuclear weapons and other weapons of mass destruction, on the basis of arrangements freely arrived at by the States of the region, and with the full support and engagement of the nuclear-weapon States,[5]

Conclusion of effective international arrangements to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons

The General Assembly,

Bearing in mind the need to allay the legitimate concern of the States of the world with regard to ensuring lasting security for their peoples,

Convinced that nuclear weapons pose the greatest threat to mankind and to the survival of civilization,

Noting that the renewed interest in nuclear disarmament should be translated into concrete actions for the achievement of general and complete disarmament under effective international control,

Convinced that nuclear disarmament and the complete elimination of nuclear weapons are essential to remove the danger of nuclear war,

Determined to abide strictly by the relevant provisions of the Charter of the United Nations on the non-use of force or threat of force,

Recognizing that the independence, territorial integrity and sovereignty of non-nuclear-weapon States need to be safeguarded against the use or threat of use of force, including the use or threat of use of nuclear weapons,

Considering that, until nuclear disarmament is achieved on a universal basis, it is imperative for the international community to develop effective measures and arrangements to ensure the security of non-nuclear-weapon States against the use or threat of use of nuclear weapons from any quarter,

Recognizing that effective measures and arrangements to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons can contribute positively to the prevention of the spread of nuclear weapons,

Bearing in mind paragraph 59 of the Final Document of the Tenth Special Session of the General Assembly, the first special session devoted to disarmament,[1] in which it urged the nuclear-weapon States to pursue efforts to conclude, as appropriate, effective arrangements to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons, and desirous of promoting the implementation of the relevant provisions of the Final Document,

Recalling the relevant parts of the special report of the Committee on Disarmament[2] submitted to the General Assembly at its twelfth special session, the second special session devoted to disarmament,[3] and of the special report of the Conference on Disarmament submitted to the Assembly at its fifteenth special session, the third special session devoted to disarmament,[4] as well as the report of the Conference on its 1992 session,[5]

Recalling also paragraph 12 of the Declaration of the 1980s as the Second Disarmament Decade, contained in the annex to its resolution 35/46 of 3 December 1980, which states, inter alia, that all efforts should be exerted by the Committee on Disarmament urgently to negotiate with a view to reaching agreement on effective international arrangements to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons,

Noting the in-depth negotiations undertaken in the Conference on Disarmament and its Ad Hoc Committee on Effective International Arrangements to Assure Non-Nuclear-Weapon States against the Use or Threat of Use of Nuclear Weapons,[6] with a view to reaching agreement on this question,

Taking note of the proposals submitted under the item in the Conference on Disarmament, including the drafts of an international convention,

Taking note also of the relevant decision of the Thirteenth Conference of Heads of State or Government of Non-Aligned Countries, held at Kuala Lumpur on 24 and 25 February 2003,[7] which was reiterated at the Fourteenth and Fifteenth Conferences of Heads of State or Government of Non-Aligned Countries, held at Havana and Sharm el-Sheik, Egypt, on 15 and 16 September 2006,[8] and 15 and 16 July 2009,[9] respectively, as well as the relevant recommendations of the Organization of the Islamic Conference,

Taking note further of the unilateral declarations made by all the nuclear-weapon States on their policies of non-use or non-threat of use of nuclear weapons against the non-nuclear-weapon States,

Noting the support expressed in the Conference on Disarmament and in the General Assembly for the elaboration of an international convention to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons, as well as the difficulties pointed out in evolving a common approach acceptable to all,

Taking note of Security Council resolution 984 (1995) of 11 April 1995 and the views expressed on it,

Recalling its relevant resolutions adopted in previous years, in particular resolutions 45/54 of 4 December 1990, 46/32 of 6 December 1991, 47/50 of 9 December 1992, 48/73 of 16 December 1993, 49/73 of 15 December 1994, 50/68 of 12 December 1995, 51/43 of 10 December 1996, 52/36 of 9 December 1997, 53/75 of 4 December 1998, 54/52 of 1 December 1999, 55/31 of 20 November 2000, 56/22 of 29 November 2001, 57/56 of 22 November 2002, 58/35 of 8 December 2003, 59/64 of 3 December 2004, 60/53 of 8 December 2005, 61/57 of 6 December 2006, 62/19 of 5 December 2007, 63/39 of 2 December 2008, and 64/27 of 2 December 2009,

1. *Reaffirms* the urgent need to reach an early agreement on effective international arrangements to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons;

2. *Notes with satisfaction* that in the Conference on Disarmament there is no objection, in principle, to the idea of an international convention to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons, although the difficulties with regard to evolving a common approach acceptable to all have also been pointed out;

3. *Appeals* to all States, especially the nuclear-weapon States, to work actively towards an early agreement on a common approach and, in particular, on a common formula that could be included in an international instrument of a legally binding character;

4. *Recommends* that further intensive efforts be devoted to the search for such a common approach or common formula and that the various alternative approaches, including, in particular, those considered in the Conference on Disarmament, be further explored in order to overcome the difficulties;

5. *Also recommends* that the Conference on Disarmament actively continue intensive negotiations with a view to reaching early agreement and concluding effective international agreements to assure the non-nuclear-weapon States against the use or threat of use of nuclear weapons, taking into account the widespread support for the conclusion of an international convention and giving consideration to any other proposals designed to secure the same objective;

6. *Decides* to include in the provisional agenda of its sixty-sixth session the item entitled "Conclusion of effective international arrangements to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons".

Conventional arms control at the regional and subregional levels

The General Assembly,

Recalling its resolutions 48/75 J of 16 December 1993, 49/75 O of 15 December 1994, 50/70 L of 12 December 1995, 51/45 Q of 10 December 1996, 52/38 Q of 9 December 1997, 53/77 P of 4 December 1998, 54/54 M of 1 December 1999, 55/33 P of 20 November 2000, 56/24 I of 29 November 2001, 57/77 of 22 November 2002, 58/39 of 8 December 2003, 59/88 of 3 December 2004, 60/75 of 8 December 2005, 61/82 of 6 December 2006, 62/44 of 5 December 2007, 63/44 of 2 December 2008 and 64/42 of 2 December 2009,

Recognizing the crucial role of conventional arms control in promoting regional and international peace and security,

Convinced that conventional arms control needs to be pursued primarily in the regional and subregional contexts since most threats to peace and security in the post-cold-war era arise mainly among States located in the same region or subregion,

Aware that the preservation of a balance in the defence capabilities of States at the lowest level of armaments would contribute to peace and stability and should be a prime objective of conventional arms control,

Desirous of promoting agreements to strengthen regional peace and security at the lowest possible level of armaments and military forces,

Noting with particular interest the initiatives taken in this regard in different regions of the world, in particular the commencement of consultations among a number of Latin American countries and the proposals for conventional arms control made in the context of South Asia, and recognizing, in the context of this subject,

the relevance and value of the Treaty on Conventional Armed Forces in Europe,[1] which is a cornerstone of European security,

Believing that militarily significant States and States with larger military capabilities have a special responsibility in promoting such agreements for regional security,

Believing also that an important objective of conventional arms control in regions of tension should be to prevent the possibility of military attack launched by surprise and to avoid aggression,

1. *Decides* to give urgent consideration to the issues involved in conventional arms control at the regional and subregional levels;

2. *Requests* the Conference on Disarmament to consider the formulation of principles that can serve as a framework for regional agreements on conventional arms control, and looks forward to a report of the Conference on this subject;

3. *Requests* the Secretary-General, in the meantime, to seek the views of Member States on the subject and to submit a report to the General Assembly at its sixty-sixth session;

4. *Decides* to include in the provisional agenda of its sixty-sixth session the item entitled "Conventional arms control at the regional and subregional levels".

Confidence-building measures in the regional and subregional context

Guided by the purposes and principles enshrined in the Charter of the United Nations,

Recalling its resolutions 58/43 of 8 December 2003, 59/87 of 3 December 2004, 60/64 of 8 December 2005, 61/81 of 6 December 2006, 62/45 of 5 December 2007 and 2007, 63/45 of 2 December 2008 and 64/43 of 2 December 2009,

Recalling further the resolutions and guidelines adopted by consensus by the General Assembly and the Disarmament Commission relating to confidence-building measures and their implementation at the global, regional and subregional levels,

Considering the importance and effectiveness of confidence-building measures taken at the initiative and with the agreement of all States concerned, and taking into account the specific characteristics of each region, since such measures can contribute to regional stability,

Convinced that resources released by disarmament, including regional disarmament, can be devoted to economic and social development and to the protection of the environment for the benefit of all peoples, in particular those of the developing countries,

Recognizing the need for meaningful dialogue among States concerned to avert conflict,

Welcoming the peace processes already initiated by States concerned to resolve their disputes through peaceful means bilaterally or through mediation, inter alia, by third parties, regional organizations or the United Nations,

Recognizing that States in some regions have already taken steps towards confidence-building measures at the bilateral, subregional and regional levels in the political and military fields, including arms control and disarmament, and noting that such confidence-building measures have improved peace and security in those regions and contributed to progress in the socio-economic conditions of their people,

Concerned that the continuation of disputes among States, particularly in the absence of an effective mechanism to resolve them through peaceful means, may contribute to the arms race and endanger the maintenance of international peace and security and the efforts of the international community to promote arms control and disarmament,

1. *Calls upon* Member States to refrain from the use or threat of use of force in accordance with the purposes and principles of the Charter of the United Nations;

2. *Reaffirms its commitment* to the peaceful settlement of disputes under Chapter VI of the Charter, in particular Article 33, which provides for a solution by negotiation, enquiry, mediation, conciliation, arbitration, judicial settlement, resort to regional agencies or arrangements or other peaceful means chosen by the parties;

4. *Calls upon* Member States to pursue these ways and means through sustained consultations and dialogue, while at the same time avoiding actions that may hinder or impair such a dialogue;

5. *Urges* States to comply strictly with all bilateral, regional and international agreements, including arms control and disarmament agreements, to which they are party;

6. *Emphasizes* that the objective of confidence-building measures should be to help to strengthen international peace and security and to be consistent with the principle of undiminished security at the lowest level of armament;

7. *Encourages* the promotion of bilateral and regional confidence-building measures, with the consent and participation of the parties concerned, to avoid conflict and prevent the unintended and accidental outbreak of hostilities;

8. *Requests* the Secretary-General to submit a report to the General Assembly at its sixty-sixth session containing the views of Member States on confidence-building measures in the regional and subregional context;

Promotion of multilateralism in the area of disarmament and non-proliferation

The General Assembly,

Determined to foster strict respect for the purposes and principles enshrined in the Charter of the United Nations,

Recalling its resolution 56/24 I of 29 November 2001 on multilateral cooperation in the area of disarmament and non-proliferation and global efforts against terrorism and other relevant resolutions, as well as its resolutions 57/63 of 22 November 2002, 58/44 of 8 December 2003, 59/69 of 3 December 2004, 60/59 of 8 December 2005, 61/62 of 6 December 2006, 62/27 of 5 December 2007, 63/50 of 2 December 2008 and 64/34 of 2 December 2009 on the promotion of multilateralism in the area of disarmament and non-proliferation,

Recalling also the purpose of the United Nations to maintain international peace and security and, to that end, to take effective collective measures for the prevention and removal of threats to the peace and for the suppression of acts of aggression or other breaches of the peace, and to bring about by peaceful means, and in conformity with the principles of justice and international law, adjustment or settlement of international disputes or situations which might lead to a breach of the peace, as enshrined in the Charter,

Recalling further the United Nations Millennium Declaration,[1] which states, inter alia, that the responsibility for managing worldwide economic and social development, as well as threats to international peace and security, must be shared

among the nations of the world and should be exercised multilaterally and that, as the most universal and most representative organization in the world, the United Nations must play the central role,

Convinced that, in the globalization era and with the information revolution, arms regulation, non-proliferation and disarmament problems are more than ever the concern of all countries in the world, which are affected in one way or another by these problems and, therefore, should have the possibility to participate in the negotiations that arise to tackle them,

Bearing in mind the existence of a broad structure of disarmament and arms regulation agreements resulting from non-discriminatory and transparent multilateral negotiations with the participation of a large number of countries, regardless of their size and power,

Aware of the need to advance further in the field of arms regulation, non-proliferation and disarmament on the basis of universal, multilateral, non-discriminatory and transparent negotiations with the goal of reaching general and complete disarmament under strict international control,

Recognizing the complementarity of bilateral, plurilateral and multilateral negotiations on disarmament,

Recognizing also that the proliferation and development of weapons of mass destruction, including nuclear weapons, are among the most immediate threats to international peace and security which need to be dealt with, with the highest priority,

Considering that the multilateral disarmament agreements provide the mechanism for States parties to consult one another and to cooperate in solving any problems which may arise in relation to the objective of, or in the application of, the provisions of the agreements and that such consultations and cooperation may also be undertaken through appropriate international procedures within the framework of the United Nations and in accordance with the Charter,

Stressing that international cooperation, the peaceful settlement of disputes, dialogue and confidence-building measures would make an essential contribution to the creation of multilateral and bilateral friendly relations among peoples and nations,

Being concerned at the continuous erosion of multilateralism in the field of arms regulation, non-proliferation and disarmament, and recognizing that a resort to unilateral actions by Member States in resolving their security concerns would jeopardize international peace and security and undermine confidence in the international security system as well as the foundations of the United Nations itself,

Noting that the Fifteenth Summit Conference of Heads of State and Government of the Movement of Non-Aligned Countries, held in Sharm el Sheikh, Egypt, from 11 to 16 July 2009, welcomed the adoption of resolution 63/50 on the promotion of multilateralism in the area of disarmament and non-proliferation, and underlined the fact that multilateralism and multilaterally agreed solutions, in accordance with the Charter, provide the only sustainable method of addressing disarmament and international security issues,

Reaffirming the absolute validity of multilateral diplomacy in the field of disarmament and non-proliferation, and determined to promote multilateralism as an essential way to develop arms regulation and disarmament negotiations,

1. *Reaffirms* multilateralism as the core principle in negotiations in the area of disarmament and non-proliferation with a view to maintaining and strengthening universal norms and enlarging their scope;

2. *Also reaffirms* multilateralism as the core principle in resolving disarmament and non-proliferation concerns;

3. *Urges* the participation of all interested States in multilateral negotiations on arms regulation, non-proliferation and disarmament in a non-discriminatory and transparent manner;

4. *Underlines* the importance of preserving the existing agreements on arms regulation and disarmament, which constitute an expression of the results of international cooperation and multilateral negotiations in response to the challenges facing mankind;

5. *Calls once again upon* all Member States to renew and fulfil their individual and collective commitments to multilateral cooperation as an important means of pursuing and achieving their common objectives in the area of disarmament and non-proliferation;

6. *Requests* the States parties to the relevant instruments on weapons of mass destruction to consult and cooperate among themselves in resolving their concerns with regard to cases of non-compliance as well as on implementation, in accordance with the procedures defined in those instruments, and to refrain from resorting or threatening to resort to unilateral actions or directing unverified non-compliance accusations against one another to resolve their concerns;

7. *Takes note* of the report of the Secretary-General containing the replies of Member States on the promotion of multilateralism in the area of disarmament and non-proliferation, submitted pursuant to resolution 64/34;[2]
